

Worship Training 6-8 Class Schedule

Teachers – Look over the lesson the week before to ready yourself, pray, and make sure you have needed supplies (contact Shannon with questions – shannontemple74@gmail.com)

Before the service:

Team meets at 9:00 to discuss the lesson and pray.

Make sure that chairs and supplies are out and ready to ensure the flow of the lesson.

The class will last about 40 minutes from the time you leave the service to when you are called back, so try to plan accordingly.

* Exit Worship at beginning of announcements (Meet children on right side of theater)

* Prayer

* Lesson

* Preparation for the Communion Table

Questions/Discussion regarding Sacraments, Faith and Repentance

* Activity

Guide children in the activity – they will stand while doing their craft/project.

While the students are working, ask them questions about what they learned today.

If there is extra time:

Choose a key concept from the lesson and have children draw about it on a plain sheet of paper.

If the lesson is a narrative, have the children act it out.

At Home Sheet

Charades with word from the lesson

Games (Simon Says, Duck-Duck-Goose, Hot Potato, etc.)

A deacon will come tell the class when communion is about to begin. The teachers will walk the class in to the right door of the theater. Children will be released to their parents.

Please make sure that all materials are returned to the WT 6-8 box and the box is returned to the WT4-5 room so that it is put in the cabinet by the set up crew. It is easiest to do this when you are walking the kids down to communion.
