

FINISHING STRONG

As we prepare to move into the new building in the Spring of 2027, we have an opportunity to finish 2026 strong by raising some additional funds for a few particular items!

Highlights for our 2026 “Finishing Strong” initiative.
See more inside!

CHILDREN’S PLAYGROUND

INDOOR KIDS SPACE

HOSPITALITY & WELCOME

PLAYGROUND

The Need

Currently, we do not have playground equipment in our construction budget. We hope to move into the new space and welcome children and families with plenty of places to play!

The Numbers

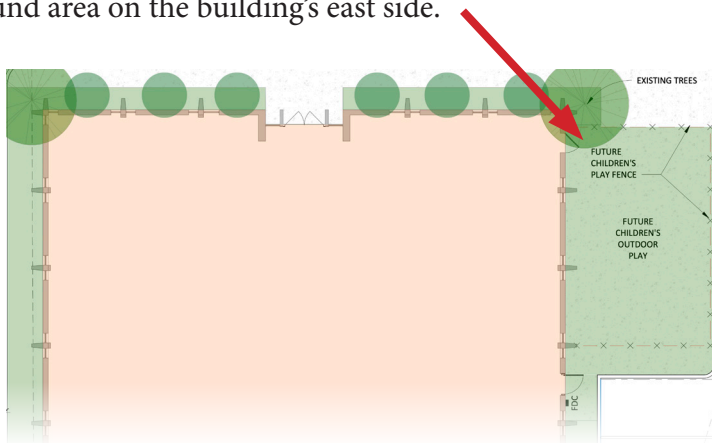

We estimate about \$55,000 to get a great playground!

Concrete & Surfacing.	\$5K
Equipment	\$25K
Shading	\$20K
Misc	\$5K

The Design

On the opposite page, you can see some samples of playground equipment we are researching. Below, you will see the planned playground area on the building's east side.

INDOOR KIDS SPACE

The Need

Our building plans include an indoor children's play area that we will need to outfit with indoor play equipment, and we will need to secure furnishings for the children's areas (see concepts below.)

The Numbers

We average 75 children and youth per Sunday! Imagine dedicated, age-appropriate spaces for our growing children's ministry...

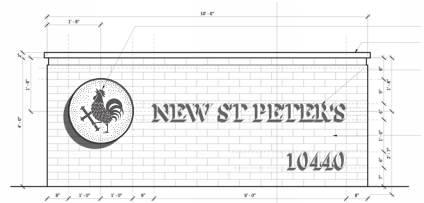

HOSPITALITY

The Need

This last bucket we are calling “hospitality,” which as you know is a core value at NSP. As we have been saying lately, *belonging is the goal; welcome is the front door*. Items to purchase include:

- Lobby welcome desk
- Coffee cart
- Indoor & parking signage

OUTDOOR SIGNAGE MODEL

The Numbers

“Hospitality” costs are still vague, but we are shooting for an additional \$25,000 to jump start our hospitality emphasis!

THE GOAL \$100,000 BY DECEMBER 31!

We have a **generous** challenge pledge of \$50,000. We are looking for one-time gifts above normal Gathered Campaign Pledges.

\$100,000 total

\$50,000 to raise

\$50,000 challenge
